– Who we are & what we do –

The Conference of Peripheral and Maritime Regions of Europe (CPMR – www.cpmr.org) brings together some 150 Regions from 28 States from the European Union and beyond. The CPMR campaigns in favour of a more balanced development of the European territory and operates both as a think-tank, a lobby and a project platform for Regions. The CPMR is subdivided into six Geographical Commissions, corresponding to the European maritime basins i.e. Baltic Sea, North Sea, Atlantic Arc, **Mediterranean**, Balkan and Black Sea and islands.

The CPMR **Intermediterranean Commission** gathers 45 regions from 10 countries of both Mediterranean shores and works in particular on: territorial cooperation and emerging strategies in the Mediterranean, migration and neighbourhood policy, integrated maritime policy and transports, economic and social cohesion, youth policies, sustainable and culture tourism, water, energy & climate.
