Riferimento	EURES Svezia Ref. 48/2024
Mansione	Doctor of Medicine with specialization in gastroenterology Karolinska University Hospital is one of Europe´s leading university hospitals with around 16 000 employees. Medical Unit for Gastroenterology, Dermatology and Rheumatology are looking for one Doctor of Medicine with specialisation in gastroenterology to work in the Section for gastrointestinal diseases. The section is responsible for medical gastroenterology, mainly inflammatory bowel diseases, the growing group of check point inhibitor- associated enteritis/colitis, neurogastroenterology, intestinal failure and rare gastroenterological diseases, which means that broad knowledge in internal medicine and nutrition is necessary. Karolinska University Hospital is one of the two National centres for Highly Specialised care for intestinal failure in adults. For this we work multidisciplinary together with dietitians, clinical pharmacologists, psychologists and other professionals. We have one of the Nordic countries' most complete laboratories for physiological examination of the gastrointestinal tract, including panenteric capsule endoscopy. Recently, we have also implemented intestinal ultrasound. Your clinical work as a specialist/assistant consultant/consultant includes inpatient and outpatient care. Endoscopy, capsule endoscopy and ultrasound are available within the department. Requirements • Registered Doctor of Medicine within EU/EEA with specialisation in gastroenterology • Ability to work in multidisciplinary team • EU/EEA citizenship • English language proficiency at CEFR level B2 • Good recommendations/references from current/previous employer. Type of contract: Permanent, full-time contract (40:00 hours per week). The employment will start with a trial period of 6 months. Salary: Starting salary for a Doctor of Medicine with specialization is approximately 6000 Euro per month. Salaries at the Karolinska University Hospital are set at an individual level and in accordance with collective agreements governing salaries. As part of collective agreements salaries are reviewed and raised annually. Days of paid holiday: Annually minimum 25 days of paid holiday. Language requirements: We recommend that you start learning Swedish as soon as possible as this is a requirement in working with us. Once you have reached CEFR level B2 you can start your introduction. We have set aside 20% of your working hours for language studies during the first 6 months. Once you reach level CEFR level C1 you can apply for Swedish license as Doctor of Medicine. Accommodation: We will assist you in finding accommodation in Stockholm where you can live the first year/ year and half. You will also be offered; • Reimbursement if you need to go the doctor • Annual wellness grant • Access to fully equipped gyms at the hospital • Special deals for employees on memberships at a number of gyms How to apply: send CV and COVER Letter in English to b.dalessio@afolmet.it

Mansione	Scrub nurses
	Welcome to Eskilstuna on the shores of Lake Mälaren, the idyllic medium-sized city with industrial charm and the Eskilstuna River that flows through the city center. Here you will find everything you could want and if something still is missing, Stockholm is only an hour from the city. The surgery ward operates at the hospital of Mälarsjukhuset. We provide service to all clinics involved in operating specialist care where quality is the priority - both medically and in terms of nursing. We offer initial schooling and continuous training so that you can feel safe and develop in your profession as scrub nurse. Working as a scrub nurse with us means independent work with significant responsibility. Our goal is to ensure a high level of professional knowledge and ability to provide good and safe care. We consider teamwork highly important and take advantage of the wide experience we have in our team. Together with you, we want to create value for our patients. Required profile Educational Level: general nurse with specialist training as a scrub nurse Professional experience: minimum 1 year experience • Registered nurse within EU/EEA • EU/EEA citizenship • English language proficiency at CEFR level B2 • Good recommendations/references from previous employment • Ability to work in a team with colleagues of all professions • an open, professional, and empathetic approach Type of contract: Your employment will start with an introduction period, combined with further language studies. If the trial period will be proved satisfactory it will automatically turn into a permanent employment. All contracts follow local and national collective agreements. Salary: Individual salaries. Started salary for a newly graduated nurse is SEK 28 000 gross monthly. Mansione	Senior Specialist in general medicine
	Sörmland is located just south of Stockholm with nice little lakes, charming crofts and miles of forests everywhere just around the corner. Region Sörmland is a publicly owned and democratically governed organization. Our main area of responsibility is health care, that we provide for the 300 000 citizens in Sörmland. We have about 9000 employees and most of them work in health care at our 4 hospitals and 19 health care centers You will work as a General Practitioner at one of our health care centers and you will meet patients with high blood pressure, diabetes, heart failure, depression, sleep problems, asthma, COPD, joint pain, stomach pain, respiratory infection, skin rashes and much more. As a General Practitioner, you will work with both planned and subacute visits, encounter all different forms of health problems, investigate, and treat many different diseases, but also pay attention to any signs of any condition where the hospital 's technical resources or the expertise of other specialists are needed. The investigation often begins and ends in primary care but can also be supplemented at the hospital. When the hospital's specialist expertise is no longer needed, further check- ups can be carried out by the general practitioner. As a General Practitioner, you collaborate with other professionals at the health center, nurses, assistant nurses, physiotherapists, psychotherapists, psychologists, dieticians, occupational therapists, medical secretaries, and clinical pharmacists. Educational Level: Specialist doctor within general medicine Professional experience: 5 years experiences • Registered nurse within EU/EEA • EU/EEA citizenship • English language proficiency at CEFR level B2 • Good recommendations/references from previous employment • Ability to work in a team with colleagues of all professions • an open, professional, and empathetic approach Type of contract: Your employment will start with an introduction period, combined with further language studies. If the trial period will be proved satisfactory it will automatically turn into a permanent employment. All contracts follow local and national collective agreements. Salary: Individual salaries. Started salary for a specialist doctor is SEK 72 000 (approx 6400 €)gross monthly Vacation: 25 days/year, 31 days/year after age 40 Accommodation: possibility to initially rent staff accommodation at a low cost, SEK 130/day (11,59€) How to apply: send CV and COVER Letter in English to b.dalessio@afolmet.it

Riferimento	EURES Svezia Ref. 44/2024
Mansione	Specialist physician in Internal medicine Ref. 44/2024
	Job offer description In Östergötland we have three hospitals; Linköping University Hospital, Vrinnevi Hospital in Norrköping and Motala Hospital. All three hospitals are provided with specialized care. In addition to our hospitals, over 40 primary care centres are available for the general population. Region Östergötland offers a workplace where research and development is an obvious part of our business. With us, you work in close collaboration in teams with other professions. We supervise students, younger colleagues and other occupational groups. Educational Level: Specialist physician within the medical field. Professional experience: The specialist physician positions requires a minimum of two years of experience. Requirements: • Registered as a specialist physician within the EU/EEA • EU/EEA citizenship • English language proficiency at CEFR level B2 • Basic computer skills • Merits for work experience within the medical area • Good recommendations/references from previous employment • Ability to work in a team with colleagues of all professions Swedish language: We recommend that you start learning Swedish as soon as possible since this will be a requirement to work with us in Sweden. To have your medical training recognized by the Swedish National Board of Health and Welfare and get your licence to work, you have to reach level C1 in the Swedish language. Before moving to Sweden you need to reach at least level B2 in the Swedish language. To obtain level C1 you will in the start of your employment, study the last part of the language during working hours. During that time, you work on an unregulated professional title. Type of contract: The employment will start with a clinical trial and introduction period, combined with further language studies. If the trial period will be proved satisfactory and you demonstrate required skills recognized by the County Council of Östergötland, it will automatically turn into a full time permanent employment. Salary: All contracts follow local and national collective agreements. Salary is set individually depending on your qualification and experience. Starting salary for newly qualified specialist physicians is 5300-6100 EUR /month, depending on specialization. As an employee with us, you have other benefits in addition to your salary. Parental allowance supplement, sick pay, collectively agreed insurances in the event of illness, work injury or death, occupational pension, career and competence development, healthcare allowance of EUR 300 and occupational health care. Vacation: Entitled to 25 vacation days per year. The year you turn 40, you get 31 vacation days. The year you turn 50, you get 32 vacation days. Accommodation: The hospital will help candidates in finding housing How to apply: Send CV and COVER Letter in English to b.dalessio@afolmet.it
