DETTAGLIO TELAIO PROFILO DI SUPPORTO

SCALA 1:5

The drawing illustrates a cross-section of a window frame support profile. The main profile is shown in a light blue color, with a cross-section of 10 cm by 10 cm. It is mounted on a wall, which is shown in a hatched pattern. The wall has a thickness of 30 cm. The profile is secured to the wall with two red vertical lines, likely representing screws or bolts. The profile has a total height of 80 cm, with a 10 cm section at the top and a 70 cm section below. The width of the profile is 110 cm, with a 100 cm section for the main body and a 10 cm section for the top flange. The profile is designed to support a window frame, which is shown in a hatched pattern. The window frame has a width of 120 cm and a height of 10 cm. The drawing also shows a cross-section of the window frame, which is 10 cm wide and 10 cm high. The window frame is shown in a hatched pattern. The drawing is a technical drawing, showing dimensions and components of the window frame support profile.
